

WHITE OPEN POLLINATED MAIZE

NELSON'S CHOICE (PBR)

EARLY

MEDIUM

LATE

Empowering the Emerging Farmer

NELSON'S CHOICE is a synthetic open pollinated variety (SOPV) with excellent tolerance to Grey Leaf Spot (GLS) and a medium maturity. Grain type is hard and pure white. It has good stand-ability and well synchronized for silk emergence and pollen shedding. This results in a very stable and consistent yield performance.

It has good tolerance to Leaf Blight and Rust and is moderately resistant to Maize Steak Virus. It is also known for being an excellent green mealie.

- A synthetic open pollinated variety (SOPV)
- Excellent tolerance to Grey Leaf Spot
- Medium maturity
- Grain type is hard and pure white
- Good stand-ability and well synchronized for silk emergence and pollen shedding. This results in a very stable and consistent yield performance.
