## WHITE OPEN POLLINATED MAIZE NELSON'S CHOICE (PBR)

EARLY MEDIUM LATE

## **Empowering the Emerging Farmer**

NELSON'S CHOICE is a synthetic open pollinated variety (SOPV) with excellent tolerance to Grey Leaf Spot (GLS) and a medium maturity. Grain type is hard and pure white. It has good standability and well synchronized for silk emergence and pollen shedding. This results in a very stable and consistent yield performance.

It has good tolerance to Leaf Blight and Rust and is moderately resistant to Maize Steak Virus. It is also known for being an excellent green mealie.

- A synthetic open pollinated variety (SOPV)
- Excellent tolerance to Grey Leaf Spot
- Medium maturity
- Grain type is hard and pure white
- Good stand-ability and well synchronized for silk emergence and pollen shedding. This results in a very stable and consistent yield performance.
